

Our Vision

We believe that all people are born writers and that the act of writing enables us to communicate our needs, raise our voices, connect and learn from others, and heal our lives as well as the world. At Studio, we learn how to honor and support the writer in everyone, because writers make the world a better place. This week, we will be learning how to craft a great piece of writing. More importantly, we'll be learning a lot about ourselves as writers as we REFLECT and REVISE our thinking and work. By the end of this week, everyone will have a story to tell about what they've learned as a writer. We will begin thinking about how we can use these lessons to serve other people too. The calendar below provides an overview of what each day will look like this week. If you have questions, concerns, or any other special needs, please contact me at stockmanangela@gmail.com or 418-3730. Thanks---Angela Stockman
